Hi Geoff,

I wanted to let you know that there has been another restructure at our end and unfortunately I am being moved permanently out of the AMR team. I will be working on key areas in the COVID response and I hope that this will allow for my AMR position to be permanently filled to provide greatly needed stability both for our stakeholders and also for my team. Zeinab Bazzi, copied in, will be the acting Director from now.

While I was only technically in the role for four months, I really enjoyed being able to work with you again and I am a little disappointed that we didn't get to implement the big vision during my time in the chair. I will be watching all things AMR with very close interest, as you know it is a great passion of mine.

Wishing you all the best,

Jennie
