Tang, Anna <Anna.Tang@maynepharma.com>
Dear Geoff,

Please allow me to introduce myself. My name is Anna, I am regulatory affairs associate at Mayne Pharma International Pty Ltd.

I refer to Ben Roger's email from below in relation to an antimicrobial post marketing surveillance program for fosfomycin.

Please find attached a draft confidential agreement (CA) between AGAR and Mayne Pharma. Please kindly review and advise if any further changes are required; if you can provide the registered address details that would be greatly appreciated. Following the signing of the CA document, Mayne Pharma wish to share the proposed post marketing surveillance program document for AGAR's consideration and comments.

We look forward to your reply and thank you again for your interest in the fosfomycin project.

Please do not hesitate to contact me if you have any questions regarding this email.

Thank you and best regards,
Anna
