Good Afternoon AURA Program Partners,

I am writing this afternoon to advise that I will very shortly be taking up an new position within the Mental Health Division within the Department. Mr Richard Percy (cc'ed above), will act as Assistant Secretary Public Health & Surveillance Branch from next week while a recruitment process is undertaken to fill the position more permanently.

While I am nervously excited about my new opportunity, I will miss working on AMR and One Health policy and program matters.

I look forward to seeing the important work of AURA and the AMR Strategy more broadly progress in coming months and years, and hope our paths do cross in future!

Best wishes for a safe and restful weekend.

Kind regards,

Emily

**Emily Harper**

Assistant Secretary – Public Health & Surveillance Branch
