Dear Denise,

Thank you so much.

This is a great help for me and my research team.

May I know how to place the order to go forward?

I will copy this to my research supervisors, Associate Prof. Jackson Thomas and Dr. Wubshet Tesfaye for the notification.

Best wishes

From: Daley, Denise <Denise.Daley@health.wa.gov.au>**Sent:** Monday, January 23, 2023 9:33 AM**To:** Dhakshila.Niyangoda <Dhakshila.Niyangoda@canberra.edu.au>**Cc:** Geoff Coombs <geoff@asainc.net.au>**Subject:** RE: [UNCLASSIFIED] Bacterial samples

Hi Dhakshila

We can supply you with the isolates listed below however not the ATCC strains.

Turnaround time approx. two weeks.

There would be a cost of \$15 per isolate.

Regards,

Dear Danise,

I hope this email finds you well.

I am a PhD student at the University of Canberra. I am conducting a laboratory-based study to find novel antibiotics for skin infections.

For this I need the following bacteria to test my compounds on.

1. Mupirocin-resistant *Staphylococcus aureus* / MRSA
2. Fusidic acid-resistant *Staphylococcus aureus* / MRSA
3. Co-trimoxazole resistant *Staphylococcus aureus* / MRSA
4. Quality control strains (*S. aureus* ATCC 25923 and for *Streptococcus* spp)

May I know whether I can obtain these from your facility for me to progress with the formal request?

Please advise me on the time taken for us to get the samples if they are available.

Your help in this regard is much appreciated.

Thank you

Dhakshila
